Monthly Newsletter

April 2025

THE
Manager's Message

We made it to Spring! The robins and red-winged blackbirds have returned. Snow and ice are giving way to disheveled, brown blades of grass anxiously awaiting the warm rays of sunshine that will transform them into lush green lawns and meadows. Daffodils and crocuses are eager to show their beautiful faces.

Since 1970, April 22nd has been declared Earth Day. It's only fitting that we pause to contemplate the condition of our earthly environment at this most awe-inspiring time of year. No matter what our individual opinions and politics may be regarding global warming and clean energy, I think we can all agree that the exquisite dawning of Spring is something we hope will be witnessed by generations well beyond ourselves.

Although much has been done to address oil spills, industrial pollution, pesticides, and preservation of wildlife and wilderness, the job is unending. Through awareness and the involvement of ordinary individuals like you and me, our breathtakingly beautiful planet can survive. Our votes and voices, our ideas and initiative, can make a difference.

We made it to Spring! Let's enjoy...and make sure future generations can always say the same.

APRIL BOOK CLUB

~Copies in the Office~

Spring is all about new beginnings – flower blossoms, budding leaves, and – in Georgie's case – a whole new version of herself.

Georgie has been a personal assistant for a long time, which means everyone else's needs have been prioritized over her own for years. However, when she has to leave LA and return to her hometown, she must confront the fact that she's never actually been sure about her own needs or what she wants in life.

When she comes across a diary she wrote as a teenager, she discovers that the ideas within it can be used as a guidebook to create a new version of adult Georgie. But this plan hits a snag when she runs into an unexpected roommate. Levi was once the small town's troublemaker, but now he's a grouchy hermit. Grouchiness aside, he begins to help Georgie with her journey, and if the duo can get past their past, maybe Georgie's true desire can be found right beside her.
